

HAVE YOU EVER FELT LIKE YOU WERE- BORN GROWN?

What are people saying about BORN GROWN...

"In **Born Grown**, ordained minister Mary Edwards tells her personal story of struggle and victory with honesty, compassion and courage. She chronicles a failed first marriage that paved the way for her successful 21-year marriage to Rev. Eddie Edwards, Founder of *Joy of Jesus Ministries*. More importantly, Mary explains—using the example of her own family—the devastating effect of generational curses — and encourages all who labor under them with hope that they can stop the damaging cycle and begin a tradition of generational blessing."

— *Bishop Dr. Frankie H. Young*
Senior Pastor, Hope Evangelical Ministries, Detroit

"Mary Edwards' autobiography, **Born Grown**, is full of revelation...It will remove burdens, destroy yokes and break generational curses."
